ALPHA SERIES

Softwired GPO

CMS Alpha Series below-desk unit discretely incorporates power and data into any cable tray under the desktop. The modular housing allows clients to specify their requirements of power and data services into a single in-line solution. Suited to any recessed or below desk application, including; custom meeting tables, shared areas and individual workstations.

Colours Available

◯ White ● Black

Key Features

» A below-desk unit which delivers softwired power & data services all in one unified module.
» 45° deep angled provision tiles allow for convenient access to Data, whilst maintaining a low profile depth.
» A profile depth of just 32mm, Alpha is designed to discretely install in any recess, providing maximum area for cable storage.

Quad Power Module
Auto Switched Power Module
