

FLIP INDESK BOX

NKFS02UWT Shown

NKFS02F3WT Shown

CMS Electracom Flip box is a unique slimline Indesk power & communications providing an effective solution to the desktop, meeting or training/conference table.

Each of the power outlets has its own retractable cover, so when the outlet is not in use the spring loaded lid covers the socket. The 3 gang communications unit is available in Flip lid with ID labelling feature.

SOME OF THE FEATURES INCLUDE:

- The convenience of power and data at the desktop. Uncluttered work surface when power not required or while plugged in.
- Fixes easily into rectangular location
- Available surface mounted
- Stylish finish in white
- Fully segregated for power and data
- Available as power only or power/data combination
- Category 5A and 6A compliant
