FB SERIES

60mm Deep - Low-Profile Floor Box

The Apollo Floor Box has been designed for maximum flexibility, with standard off-the-shelf components catering for most applications.

A bevelled edge carpet frame and 7mm carpet recessed lid are moulded in hard-wearing, high-impact polycarbonate / ABS blend polyimide with a 2.5mm galvanised steel plate fitted into the lid. The carcass and mounting plate are constructed from powder coated steel producing a long-lasting robust unit. Multi-directional lid comes as standard in soft Grey or Black with other colours available on request (MOQ apply).
