

# NW18 - TRIPLE GPO

## Detachable Fascia

*NW1803RWT - Triple Rotated module*

*NW1803RWT - Triple Rotated module*

### A BREAKTHROUGH IN SOFTWIRING

The NW18 series GPO represents the next generation in softwiring, allowing both designers and installers to benefit from its intuitive and practical design

### DEVELOPED FOR THE DESIGNER

The unique NW series GPO features a detachable faceplate which empowers designers to create endless combinations of fascia colour and design to suit any application

### IDEAL FOR THE INSTALLER

The detachable fascia and revised GPO body also offers added flexibility to installers

**Rear clip-in access** for pre-configured and cable duct/tray in-screen installations

**Concealed screw-mount holes** for surface-mount applications
