Cirqlon

Ceiling to Floor Umbilical

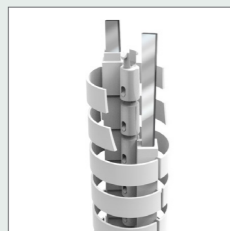

Provides alignment consistency from the ceiling. The Cirqlon Rigid series delivers the ability to run straight-line cable distribution from the ceiling to the floor or desk. Cirqlon features twin aluminium extrusions through the centre of the umbilical, together with snap-locking components to secure rigidity.

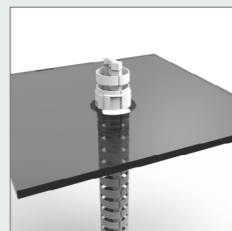

Colours Available
 ● Black ○ White ● Clear

Key Features

- » Increased rigidity with dual structural extrusion throughout the umbilical.
- » Two compartment design for power and data segregation.
- » Suits fit-outs where ceiling multiple cable drops are required.
- » Ceiling to floor kit has all the necessary components required.
- » Available in white, black and clear to blend discretely into any fit-out.
