

EXECUTIVE BOX SERIES II - SOFT OPEN

Seamless designed lid edge

Executive II combines innovative design and technology offering a soft-open lid mechanism together with the latest USB charging technology, resulting in a stylish, refined and advanced conferencing solution.

The Executive II lid can be veneered to match the top, or left in standard anodised silver to provide contrast. The brush strip finishes the long edges while keeping out dust.

Flexibility is well within Executive II's scope, allowing provision for CAT6 data, VGA, HDMI as well as Extron & Kramer AV services.

PRODUCT FEATURES

- Quality motion for soft opening lid
- Lids have brush strips to keep out dust and dirt
- Lids can be veneered or laminated
- Stylish natural anodised finish
- Easily fixes into location
- Fully segregated for power and data
- Category 6A compliant
- Accommodates Extron and Kramer AV
