

# FLIP

In-Desk Module

## FLIP

### In Desk Module

CMS Electracom Flip is a unique slimline in-desk module offering power, data and USB charging technology into workstations, collaborative spaces conference areas and even soft seating.

Each power outlet has its own spring-loaded retractable cover so that it is hidden away when not in use. The data provisions are available in two mechanisms; flip or sliding lid with an ID labelling feature.

### Colours Available

○ White ● Black

### Key Features

- The convenience of power and data at the desktop.
- Uncluttered work surface when power not required or while plugged in.
- Available surface mounted or fully flush with the desktop in the butted edge version.
- Fully segregated for power and data.
- Available with USB-C 30W PD fast charging.
- Category 5A and 6A compliant.
