

ELEVATE AUTO

Retractable Power From The Ceiling

ELEVATE AUTO

Retractable Power For Agile Workspaces

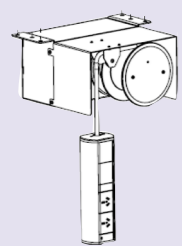

Elevate is the latest wiring + power solution by CMS - a retracting power module summoned easily via remote. Elevate delivers convenient access to power and USB charging into spaces subject to changing configuration, and simply retracts into the ceiling when not required.

Colours Available

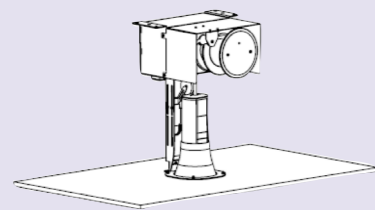

- WT - Polished Body, White outlets/endcaps
- WWT - White powder-coated body, white outlets/end-caps
- BK - Polished Body, Black outlets/endcaps
- BBK - Black powder-coated body, black outlets/endcaps
