

ALPHA SERIES

In Desk Solutions

CMS Alpha Series below-desk unit discretely incorporates power and data into any below-desk cable tray.

The modular housing allows clients to specify their requirements of power and data services into a single in-line solution.

Suited to any recessed or below desk application, including; custom meeting tables, shared areas and individual workstations.

Colours Available

White Black

Key Features

Integrated All in One

Alpha series is a below-desk unit which delivers softwired power & data services all in one unified module.

Intuitive Add-Ons

45° deep angled provision tiles allow for convenient access to Data, whilst maintaining a low profile depth.

Low Profile

With a profile depth of just 32mm, Alpha is designed to discretely install in any recess, providing maximum area for cable storage
