APPLICATION BROCHURE

Charge Bars / Benches

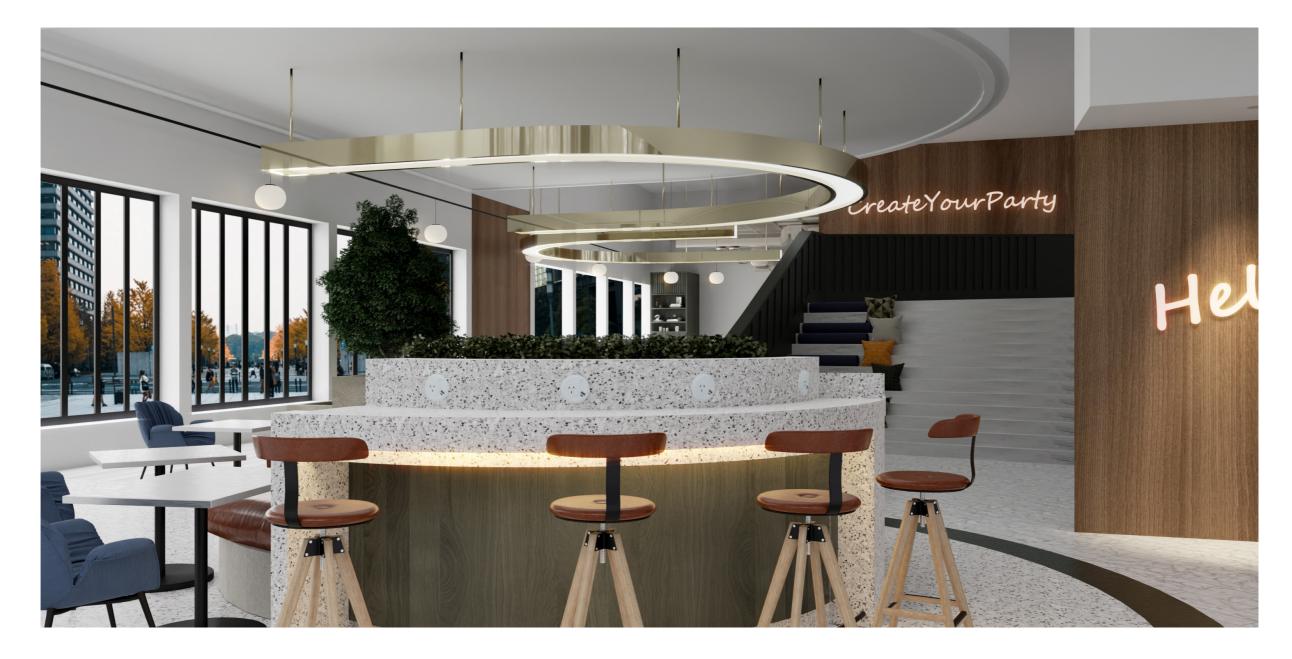

Bar and bench spaces add an extra element to workplace lunchrooms, as well as standing convenience in general hospitality areas in shopping centres, airports, libraries and more.

Adding Power and USB charging points to these areas can make these smaller spaces viable for users to spend their break time.

Product Highlights:

-Services include, High-output 30W or 100W USB C & A charging ports and 15W Wireless charging.

-Shallow install depth & self-fastening paddles.
-Echo Module available in Single, Duo and Trio modules to suit multiple requirements.
-KonexUS combines Power and USB-C services together.

APPLICATION BROCHURE

Booth Seating

Booth seating made its name in restaurant dining back in early 20th century, introducing intimacy and privacy for small groups of diners. Fast-forward to 2021, the booth concept is fast-becoming a staple for commercial interior designers to replicate the benefits of this small private setting as a collaborative space.

CMS have a range of recessed modules that can integrate into flat and wall surfaces to keep creativity charged up.

Products:

Nova Sleek & Elegant Design Echo Series - Single & Duo Powerfully minimal
