

# CENTRA SERIES · IN-DESK MODULE

Centra 2 gang power · 2 Fast-charge USB

## Limitless Capability · Timeless Design

CMS Centra Series module effectively incorporates Power, USB Fast-Charge & Transfer, Data and AV into any surface.

Centra Series modular design allows any configuration of services, making it an ideal solution for Workstations, Meeting & Conference tables, Collaborative & Public spaces, as well as vertical surfaces including screens, walls or soft furniture

### Fuse-less Design

Available with angled fuse-less outlets catering for large power-packs whilst maintaining a clean surface design.

### Leading the Charge

Dual 2.1A Qualcomm Quick Charge USB outlets ensure you spend less time charging and more time using

### Quick & Easy Install

Auto-clamping Paddles enable easy top-side installation - keeping install time and labour costs low
