

2015-16 Floor box Application Guide

Wiring + Power
Solutions

cmselectra.com

About CMS

CMS Electracom is an Australasian global leader supplying innovative wiring solutions to commercial and industrial applications.

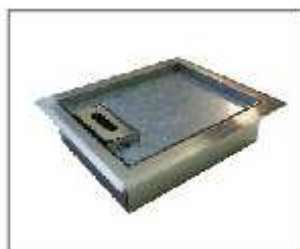

CMS Electracom commenced business in 1979 supplying custom made cable harnesses and wiring assemblies for the data and electrical industry.

Our head office and modern manufacturing facility is located in the Melbourne suburb of Dandenong. Combined with sales operations in Sydney, Brisbane, Perth, New Zealand, UK, and an Australasian wide distribution network.

We have, over recent years been expanding our range of electrical products used in the commercial building sector and are committed to continued expansion in this area. CMS offers you a wealth of expertise in softwiring and power solutions for commercial buildings, and the flexibility of customisation to assist in fulfilling any special requirements you may have.

Floorbox Overview

CMS Products in Use

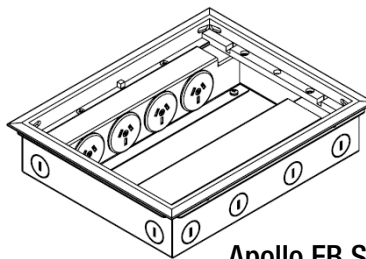

Titan Access Power/Softwiring/AV Floorbox

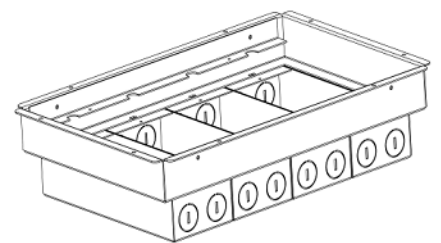

The Range—CMS Floorboxes are determined by its Undercarriage, which are compatible with our range of Polycarbonate, Stainless Steel and Heavy Duty Rhino Lid tops.

Titan Series

Apollo FB Series

Apollo FL Series

The CMS range of floorboxes allows you to install power, audio, video, telecommunications, and data ports all in one location. CMS Electracom in-house design team provide custom solutions to all projects. Our team of dedicated professionals are trained to work with you in delivering the right wiring and power solution within time and budget.

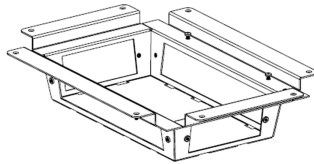

For your next electrical fit-out requiring Power, Data and AV - Contact our expert Sales team via Email: sales@cmselectra.com or Nationwide sales 1300 159 159

Titan Series

CMS Electracom have the largest range of floor boxes in the market.

Manufactured in Australia - the CMS Titan is the latest edition to the CMS Floor box range. The CMS Titan floor box is built with the highest quality delivery many capabilities.

The Titan Floor box is designed with AV, data, electrical trades in mind, ensuring all trades have a floor box that is easy to use and adaptable to the wide variety of products on the market. In the Titan floor box we can accommodate power, data - across the full range, and all AV requirements such as Extron, Kramer, Crestron and AMX.

The Titan floor box comes in various sizes and is suitable for raised floor or in slab applications. The in slab Titan floor box has a proprietary screed box that suits all applications and maintains all required data bend radius. Furthermore, the Titan floor box is a cost-effective product that is fast becoming a market leader when a tough and adaptable floor outlet service is required.

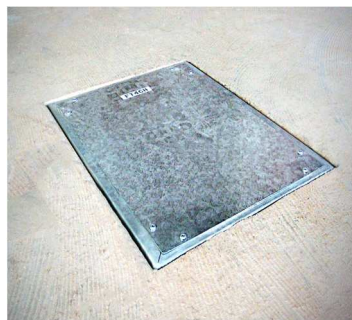

The Titan floor box is designed for maximum flexibility incorporating power, data and AV to suit client requirements. The Titan floor box provides services directly to workstations, conferences, meetings, and training rooms suitable for concrete or computer access floor applications. The Titan floor box has interchangeable face plate to incorporate power and specific brands of data and audio visual components.

The lid incorporates an easy grab lifting handle and an oversized cable exit cap.

A bevelled edge carpet frame and 7mm carpet/tile recessed lid is moulded in hard wearing, high impact, polycarbonate / ABS blend Polyamide with a 2.5mm steel plate fitted for extra strength.

Some of the features include:

- Available in two sizes
- Interchangeable plates
- Branded AV Solutions (Extron, Kramer)
- Easy grab lifting handle
- High impact lid with 7mm recess
- Concrete or Access floor applications

CMS have an in-house engineering design team and an estimating department to assist with your project requirements. We do provide project pricing and the know-how to meet your project deadlines, and most importantly we assist you to achieve your project within budget.

Note: The CMS Titan 65mm deep Titan floor boxes are available in 3 & 4 compartment options. These custom floor boxes are made to order.

For product and specification enquiries about CMS Floor box solutions, please call 1300 159 159 or alternatively email estimating@cmselectra.com.

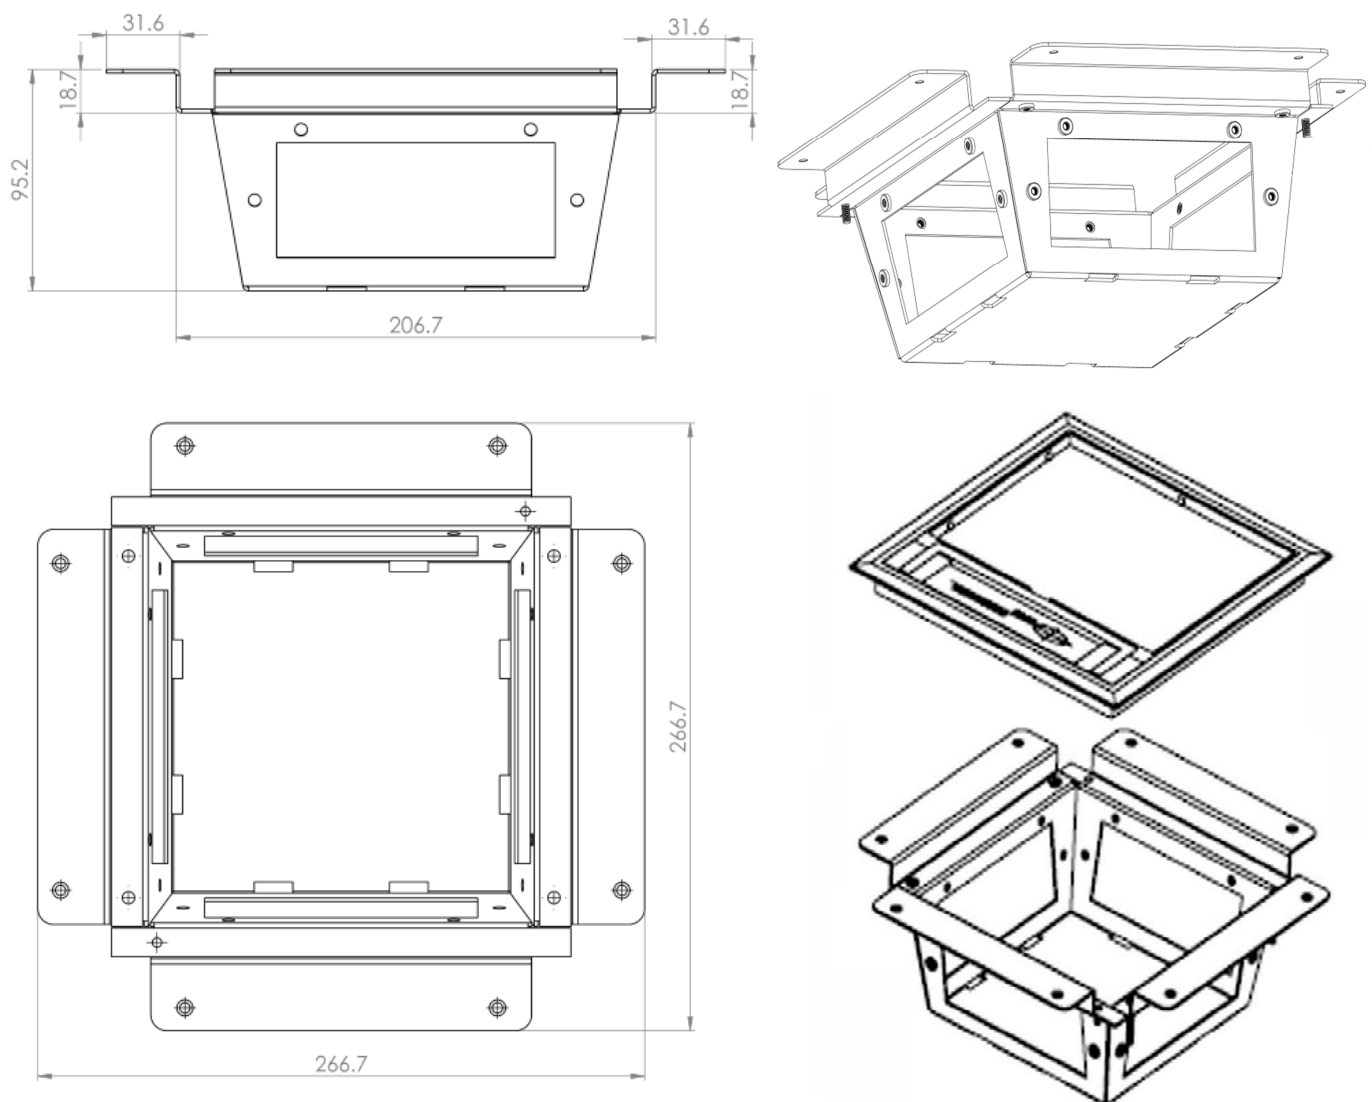

Floorbox: Titan FTA2 Access Floorbox

PART NO: FTA2

CMS Titan FTA2 Access Floorbox With Lid - 95mm deep

TECHNICAL SPECIFICATIONS:

CMS Titan FTA2 Access floorbox lid has bevelled edge carpet frame with 7mm Carpet/Tile recessed lid. Lid manufactured from poly carbonate/ABS blend Polymide. 2.5mm Steel plate fitted into lid. Easy grab lifting handle with oversized cable exit cap. The Access undercarriage is 95mm deep and constructed from 1.6mm powder coated mild steel. **Load Capacity: 120kg**

ITEM NO.	DESCRIPTION	QTY
1	Titan FTA2 Access Lid	1
2	Titan FTA2 Access Undercarriage	1
Floorbox cut out dimensions: 210mm x 210mm		

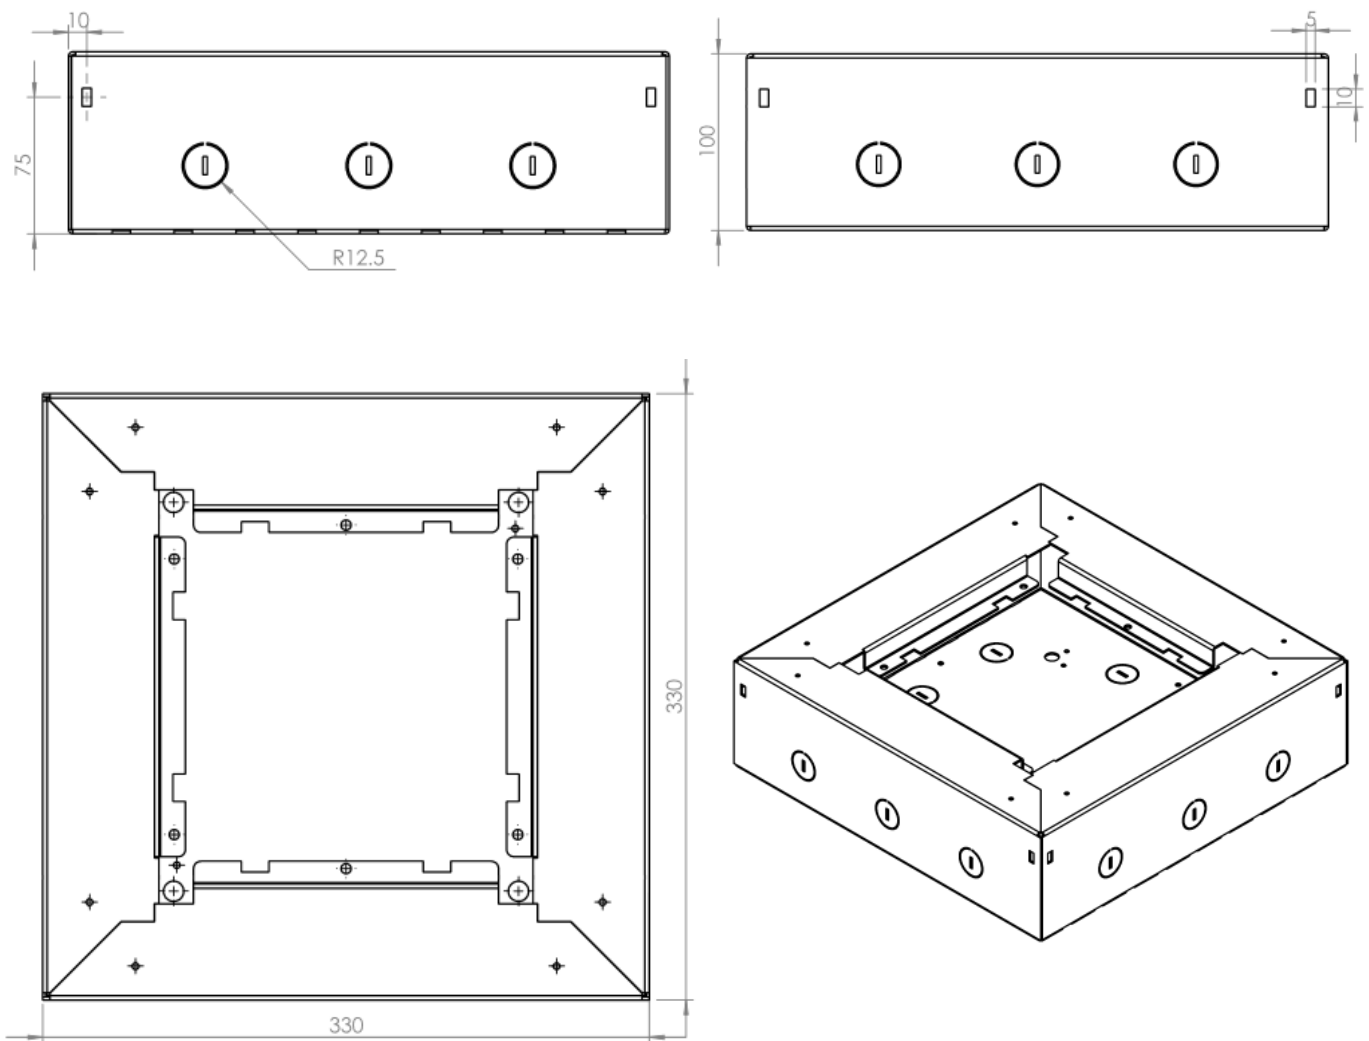

Floorbox: Titan FT2 Inscreed Floorbox

PART NO: FT2CH

CMS Titan FT2CH Inscreed Floorbox - 100mm deep

TECHNICAL SPECIFICATIONS:

CMS Titan FT2 Screed floorbox carcass is manufactured from Galvanised steel with multiple knockouts for conduit on the sides and underneath of the box.

ITEM NO.	DESCRIPTION	QTY
1	Titan FT2 Inscreed Lid	1
2	Titan FT2 Inscreed Undercarriage	1
Floorbox cut out dimensions: 332mm x 332mm		

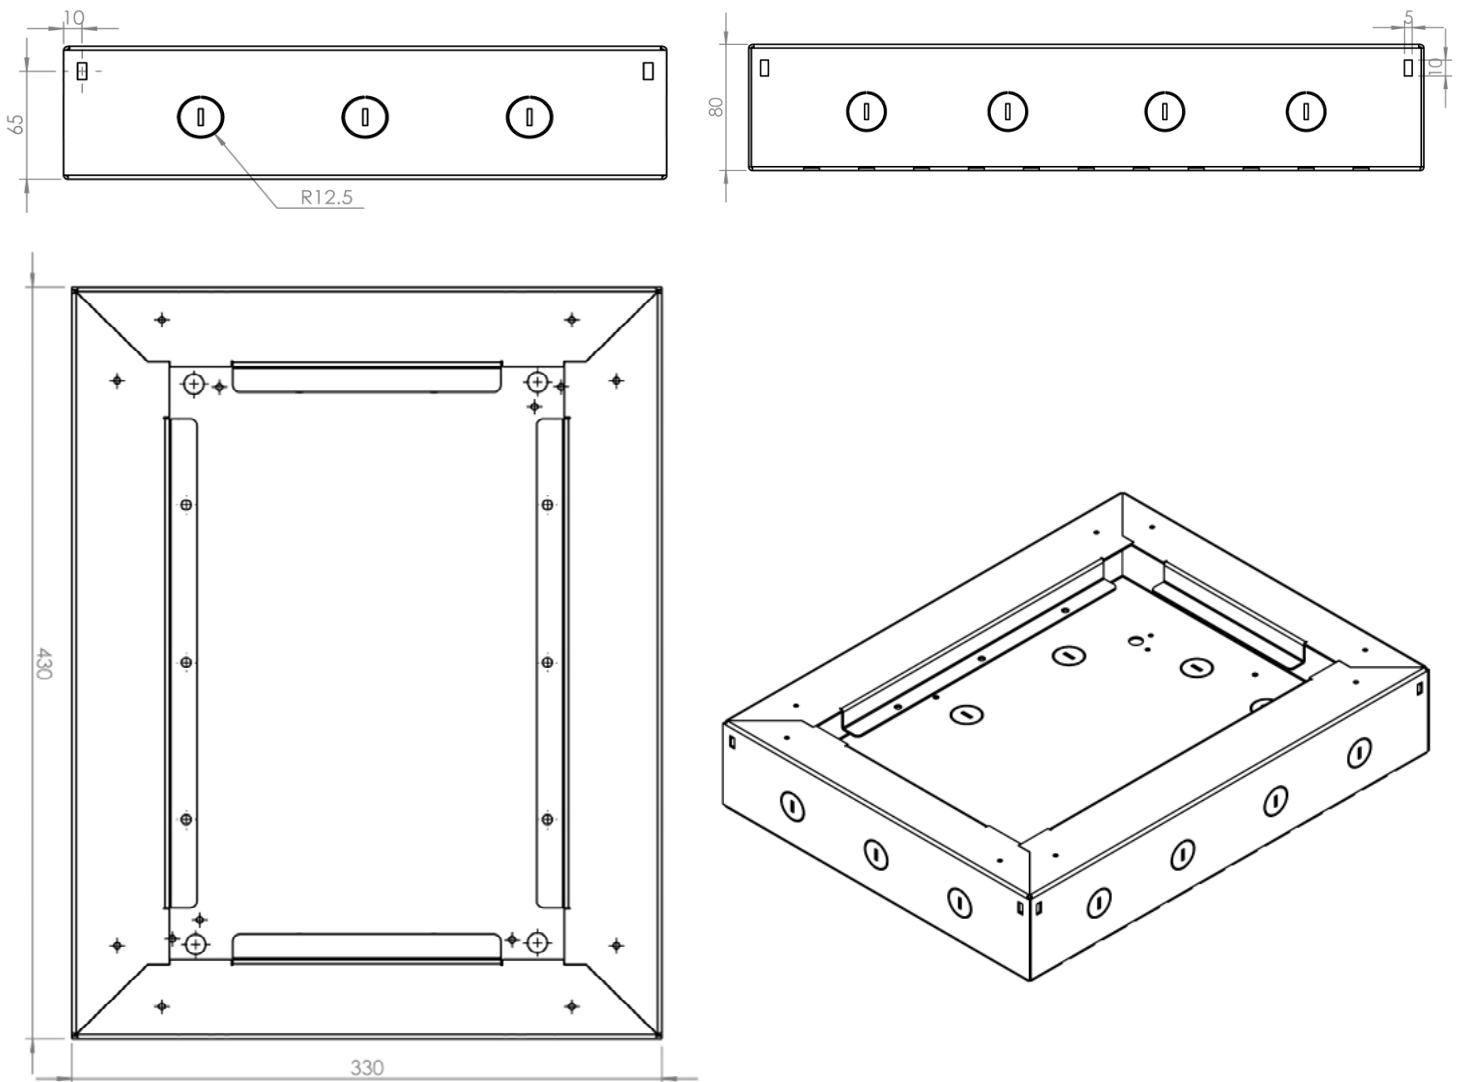

Floorbox: Titan FT4 Inscreed Floorbox

PART NO: FT4CH

CMS Titan FT4CH Inscreed Floorbox - 100mm deep

TECHNICAL SPECIFICATIONS:

CMS Titan FT4 Screed floorbox carcass is manufactured from Galvanised steel with multiple knockouts for conduit on the sides and underneath of the box.

ITEM NO.	DESCRIPTION	QTY
1	Titan FT4 Screed Box	1
Floorbox cut out dimensions: 432mm x 332mm		

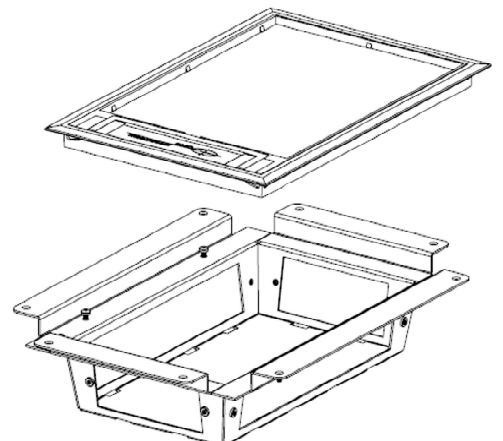

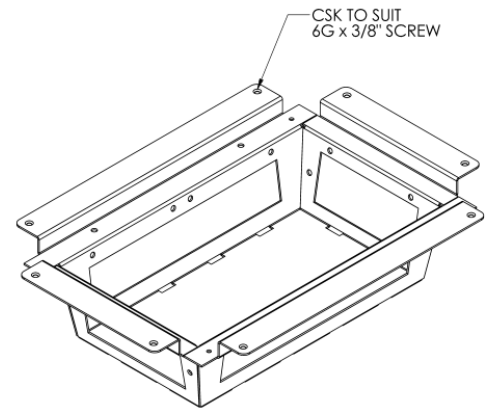

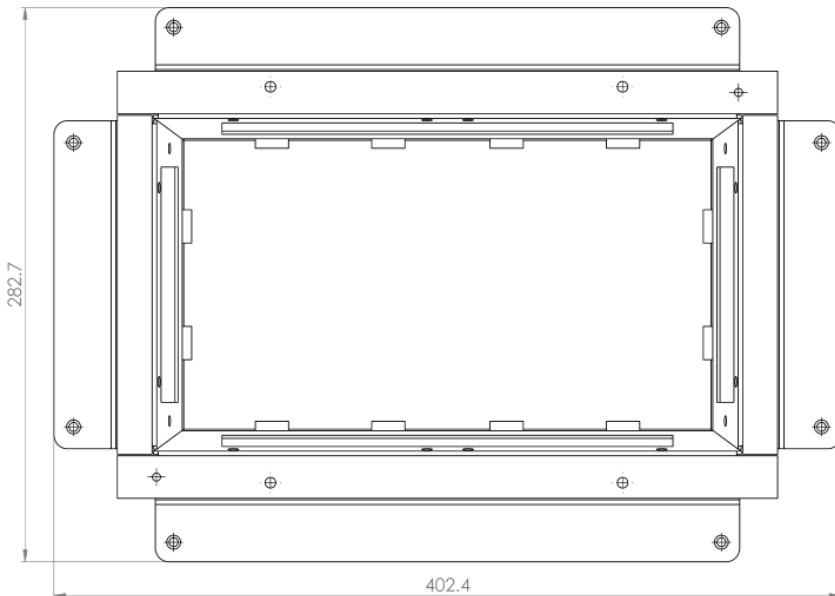

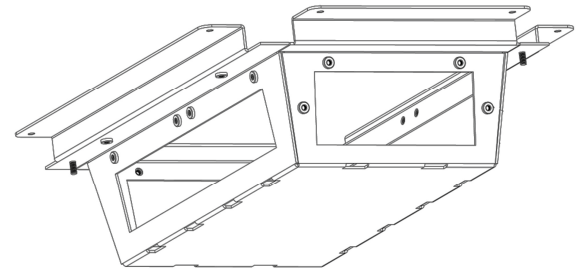

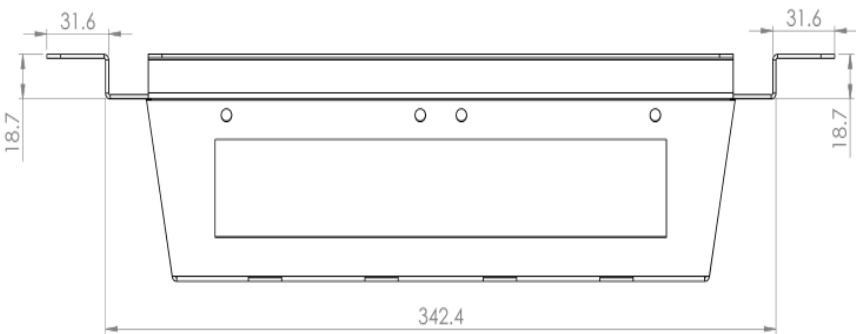

Floorbox: Titan FTA4 Access Floorbox

PART NO: FTA4

CMS Titan FTA4 Access Floorbox With Lid - 95mm deep

TECHNICAL SPECIFICATIONS:

CMS Titan FTA4 Access floorbox lid has bevelled edge carpet frame with 7mm Carpet/Tile recessed lid. Lid manufactured from poly carbonate/ABS blend Polymide. 2.5mm Steel plate fitted into lid. Easy grab lifting handle with oversized cable exit cap. The Access undercarriage is 95mm deep and constructed from 1.6mm powder coated mild steel.

ITEM NO.	DESCRIPTION	QTY
1	Titan FTA4 Access Lid	1
2	Titan FTA4 Access Undercarriage	1
Floorbox cut out dimensions: 345mm x 225mm		

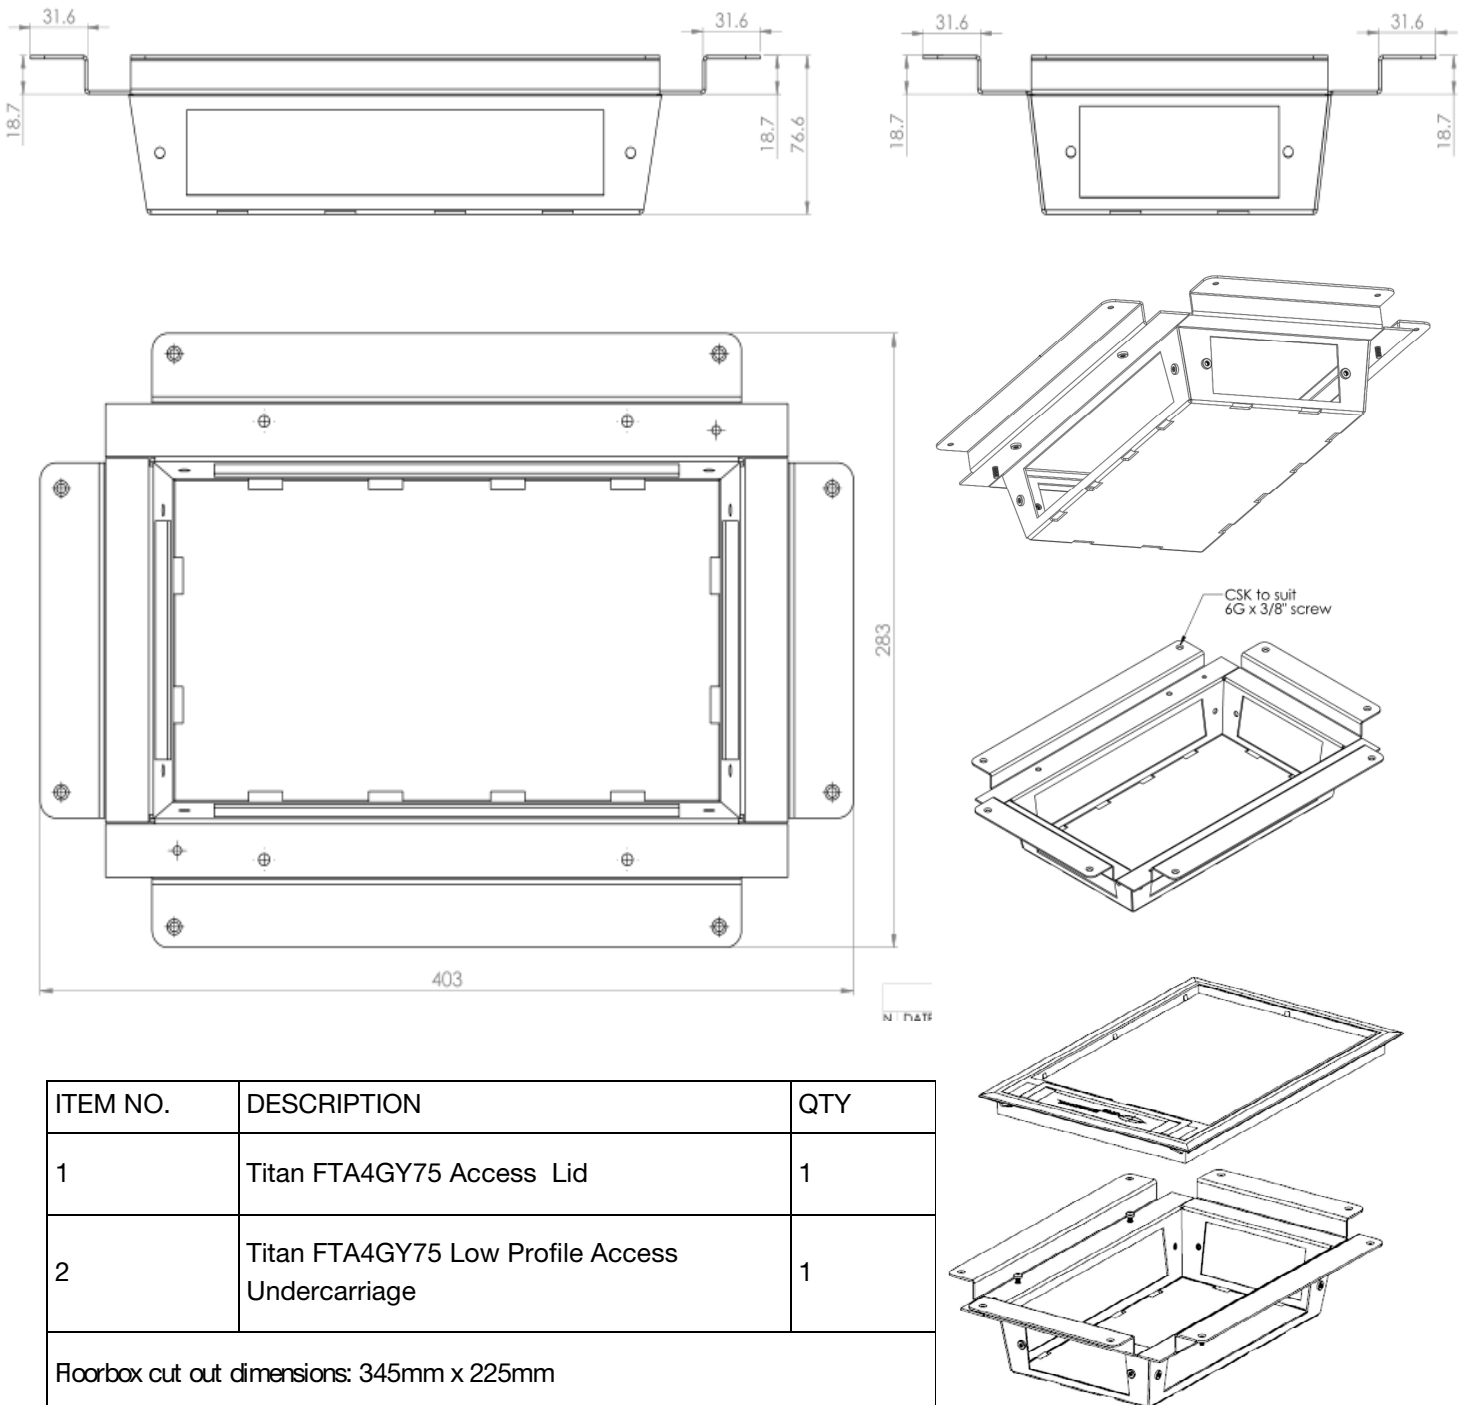

Floorbox: Titan FTA4 Low Profile Access Floorbox

PART NO: FTA4GY75

CMS Titan FTA4GY75 Low Profile Access Floorbox With Lid - 75mm deep

TECHNICAL SPECIFICATIONS:

CMS Titan FTA4GY75 Access floorbox lid has bevelled edge carpet frame with 7mm Carpet/Tile recessed lid. Lid manufactured from poly carbonate/ABS blend Polymide. 2.5mm Steel plate fitted into lid. Easy grab lifting handle with oversized cable exit cap. The Access undercarriage is 75mm deep and constructed from 1.6mm powder coated mild steel.

ITEM NO.	DESCRIPTION	QTY
1	Titan FTA4GY75 Access Lid	1
2	Titan FTA4GY75 Low Profile Access Undercarriage	1
Floorbox cut out dimensions: 345mm x 225mm		

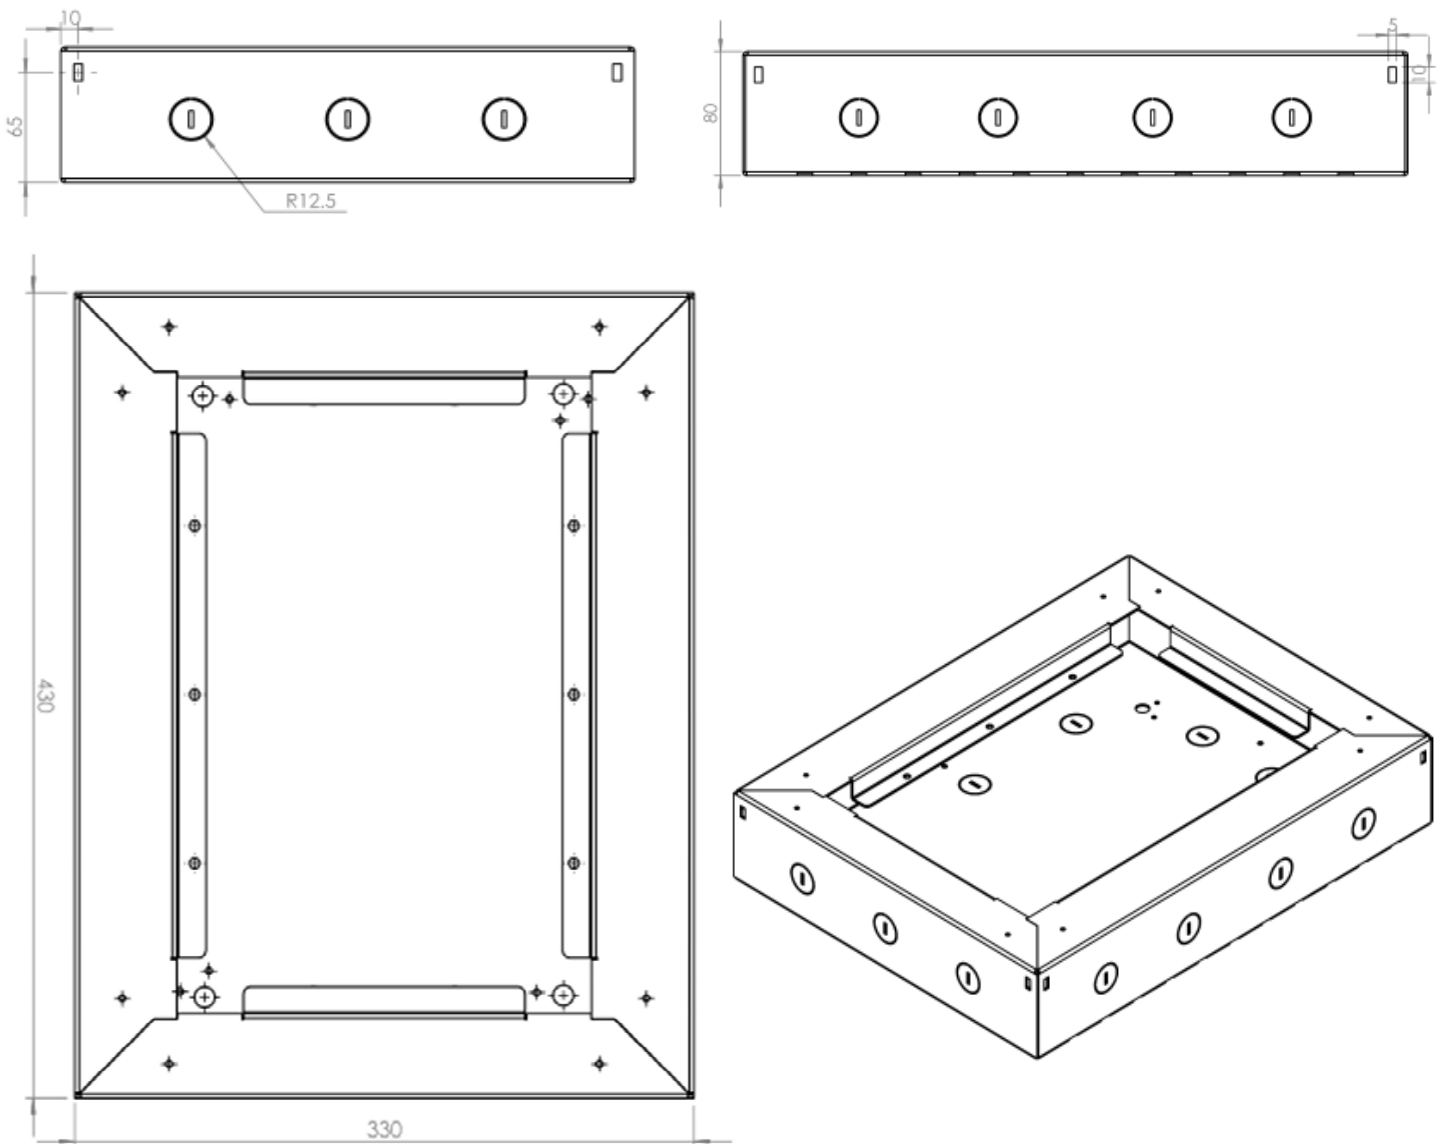

Floorbox: Titan FT4CH80 Low Profile Inscreed Floorbox

PART NO: FT4CH80

CMS Titan FT4CH80 Low Profile Inscreed Floorbox - 80 deep

TECHNICAL SPECIFICATIONS:

CMS Titan FT4CH80 Screed floorbox carcass is manufactured from Galvanised steel with multiple knockouts for conduit on the sides and underneath of the box.

ITEM NO.	DESCRIPTION	QTY
1	Titan FT4 Low Profile Inscreed	1

Floorbox cut out dimensions: 432mm x 332mm

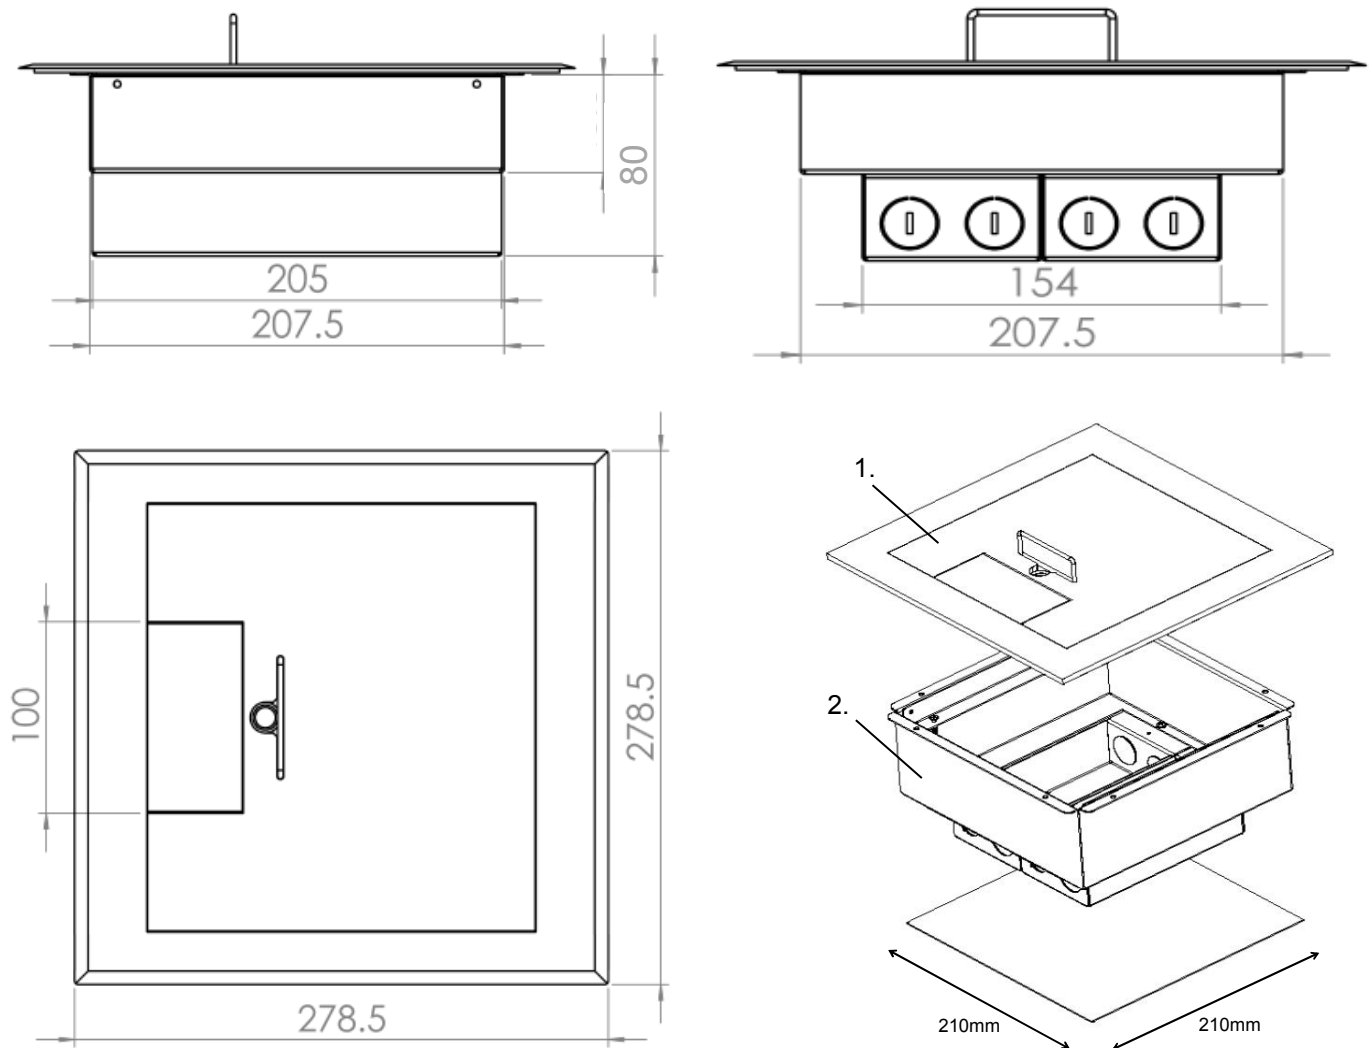

Floorbox: Apollo FL Flush Stainless Steel Series

PART NO: FLF2080SS

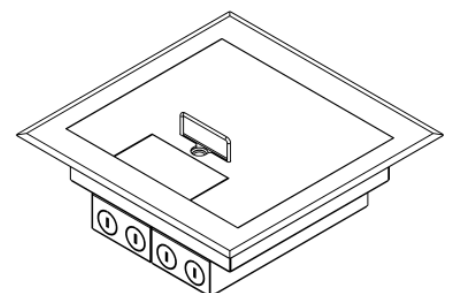

CMS Apollo FL Flush Stainless Steel Floorbox - 2 Compartment, 80mm deep

TECHNICAL SPECIFICATIONS:

CMS 2 compartment , 80mm deep Apollo floorbox flush mount bevelled lid is manufactured from 5mm stainless steel and is suitable in applications requiring additional strength and easily installed into a concrete or timber floor. Accessory boxes come in galvanised steel. The chassis and mounting plates are constructed from powder coated sheet steel with multiple knockouts for conduit. **Load Capacity: 150kg**

ITEM NO.	DESCRIPTION	QTY
1	APOLLO FL FLUSH STAINLESS STEEL BEVELLED LID	1
2	APOLLO FL SS 80MM UNDERCARRIAGE	1
Floorbox cut out dimensions: 210mm X 210mm		

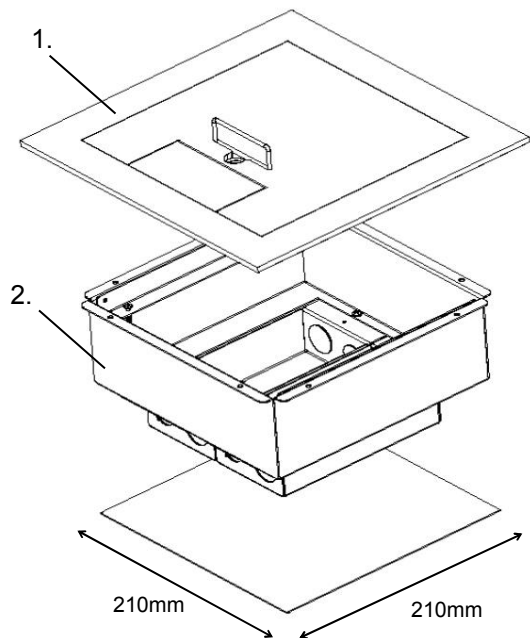

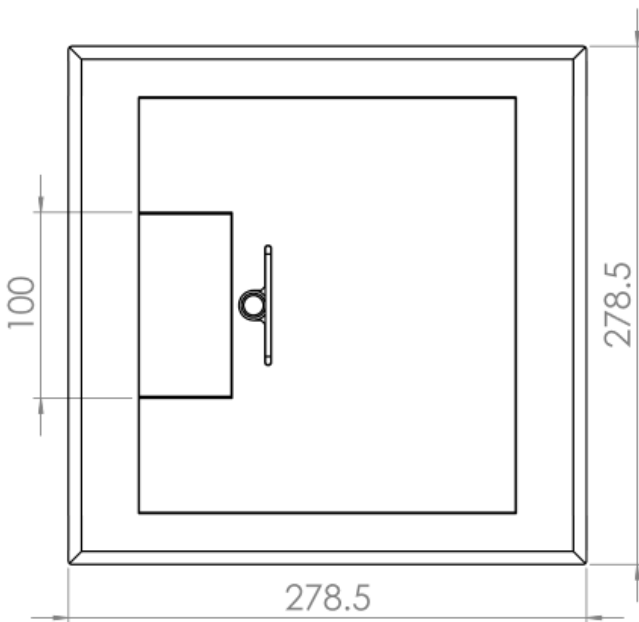

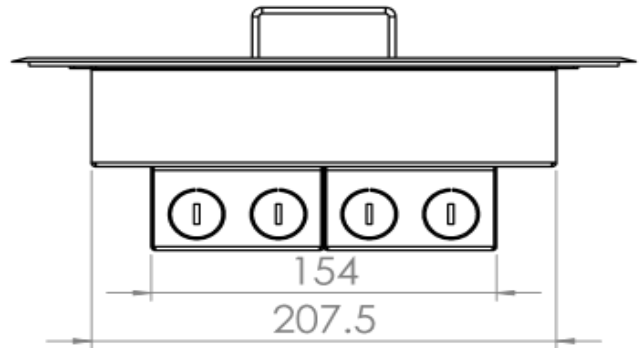

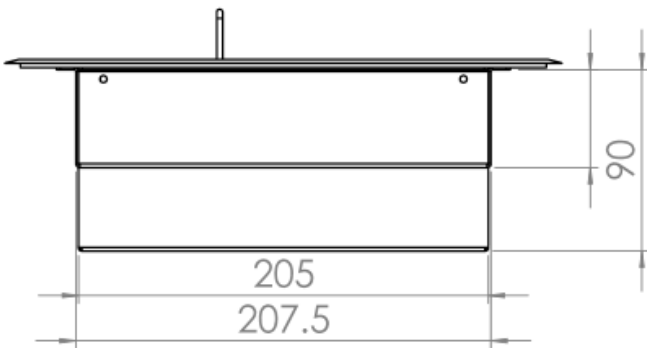

Floorbox: Apollo FL Flush Stainless Steel Series

PART NO: FLF2090SS

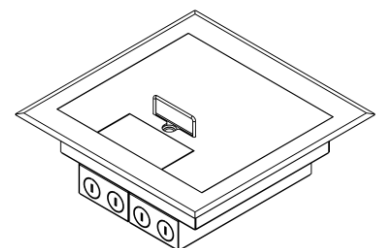

CMS Apollo FL Flush Stainless Steel Floorbox - 2 Compartment, 90mm deep

TECHNICAL SPECIFICATIONS:

CMS 2 compartment , 90mm deep Apollo floorbox flush mount bevelled lid is manufactured from 5mm stainless steel and is suitable in applications requiring additional strength and easily installed into a concrete or timber floor. Accessory boxes come in galvanised steel. The chassis and mounting plates are constructed from powder coated sheet steel with multiple knockouts for conduit. **Load Capacity: 150kg**

ITEM NO.	DESCRIPTION	QTY
1	APOLLO FL FLUSH STAINLESS STEEL BEVELLED LID	1
2	APOLLO FL SS 90MM UNDERCARRIAGE	1
Floorbox cut out dimensions: 210mm X 210mm		

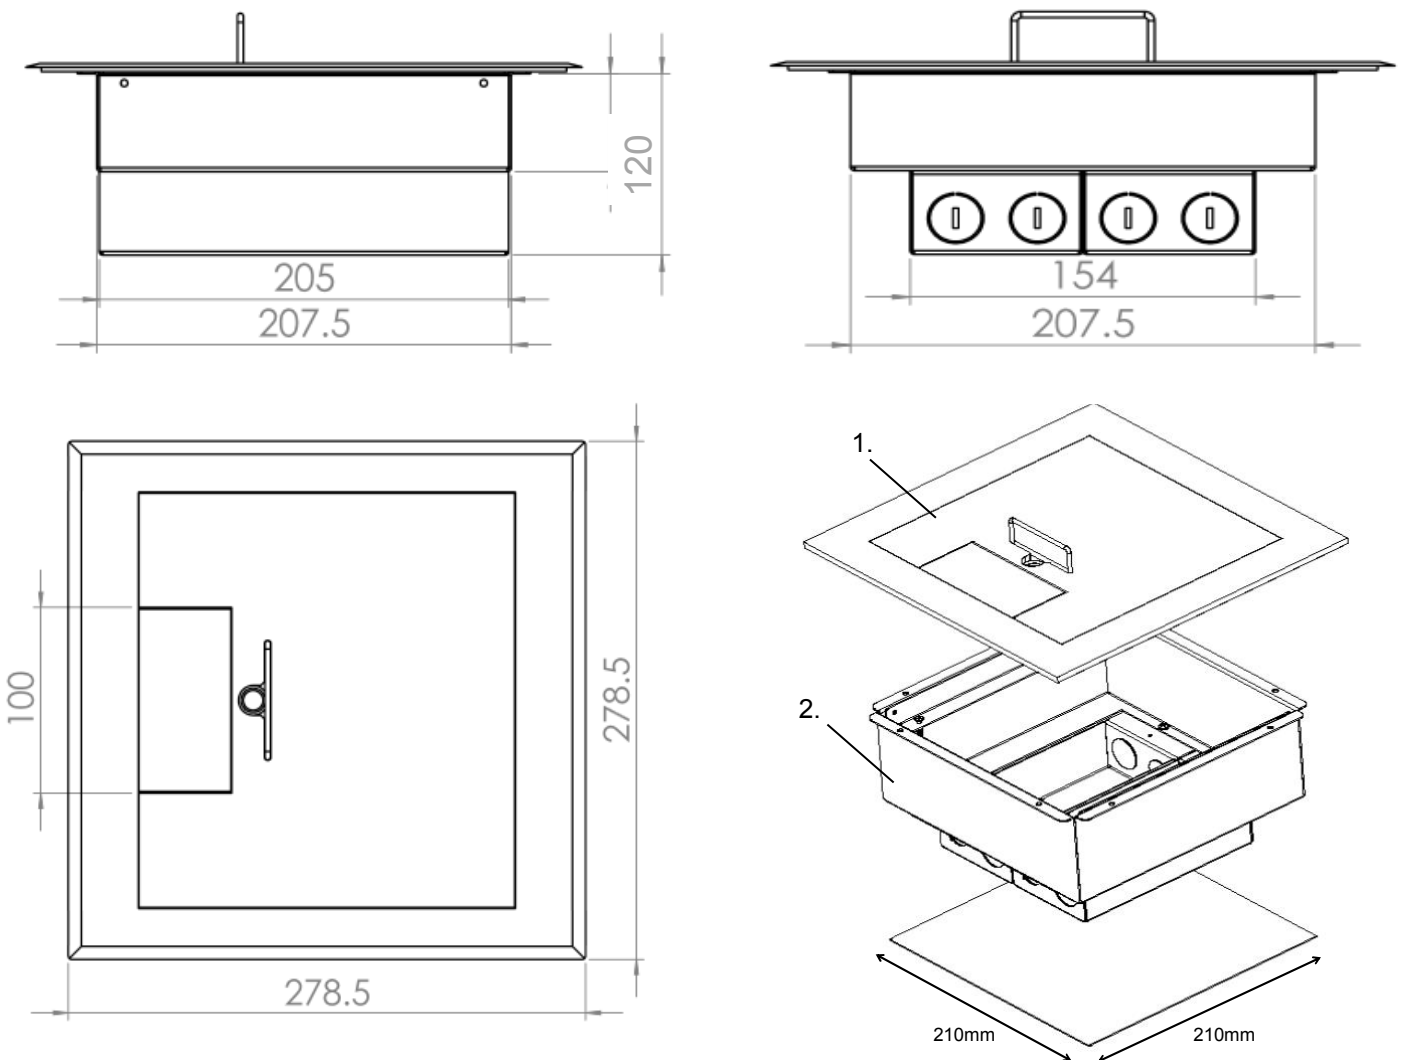

Floorbox: Apollo FL Flush Stainless Steel Series

PART NO: FLF2120SS

CMS Apollo FL Flush Stainless Steel Floorbox - 2 Compartment, 120mm deep

TECHNICAL SPECIFICATIONS:

CMS 2 compartment , 120mm deep Apollo floorbox flush mount bevelled lid is manufactured from 5mm stainless steel and is suitable in applications requiring additional strength and easily installed into a concrete or timber floor. Accessory boxes come in galvanised steel. The chassis and mounting plates are constructed from powder coated sheet steel with multiple knockouts for conduit. **Load Capacity: 150kg**

ITEM NO.	DESCRIPTION	QTY
1	APOLLO FL FLUSH STAINLESS STEEL BEVELLED LID	1
2	APOLLO FL SS 120MM UNDERCARRIAGE	1

Floorbox cut out dimensions: 210mm X 210mm

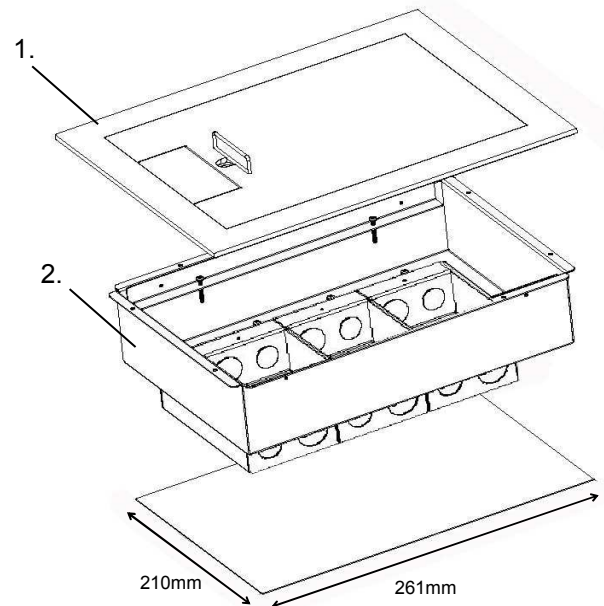

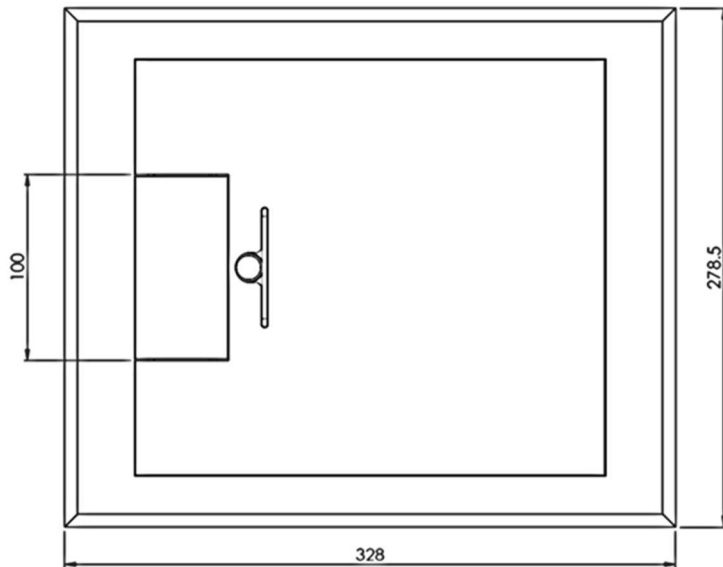

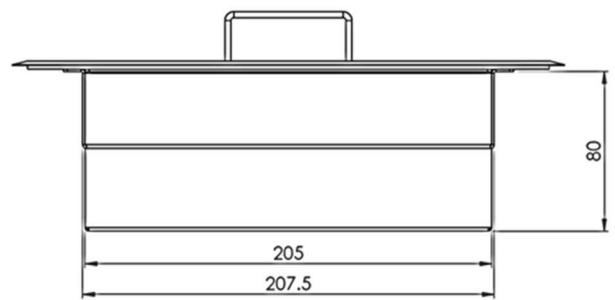

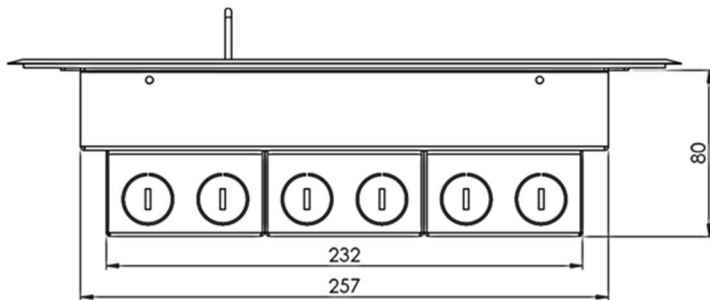

Floorbox: Apollo FL Flush Stainless Steel Series

PART NO: FLF3080SS

CMS Apollo FL Flush Stainless Steel Floorbox - 3 Compartment, 80mm deep

TECHNICAL SPECIFICATIONS:

CMS 3 compartment , 80mm deep Apollo floorbox flush mount bevelled lid is manufactured from 5mm stainless steel and is suitable in applications requiring additional strength and easily installed into a concrete or timber floor. Accessory boxes come in galvanised steel. The chassis and mounting plates are constructed from powder coated sheet steel with multiple knockouts for conduit. **Load Capacity: 150kg**

ITEM NO.	DESCRIPTION	QTY
1	APOLLO FL FLUSH STAINLESS STEEL BEVELLED LID	1
2	APOLLO FL SS 80MM UNDERCARRIAGE	1
Floorbox cut out dimensions: 261mm X 210mm		

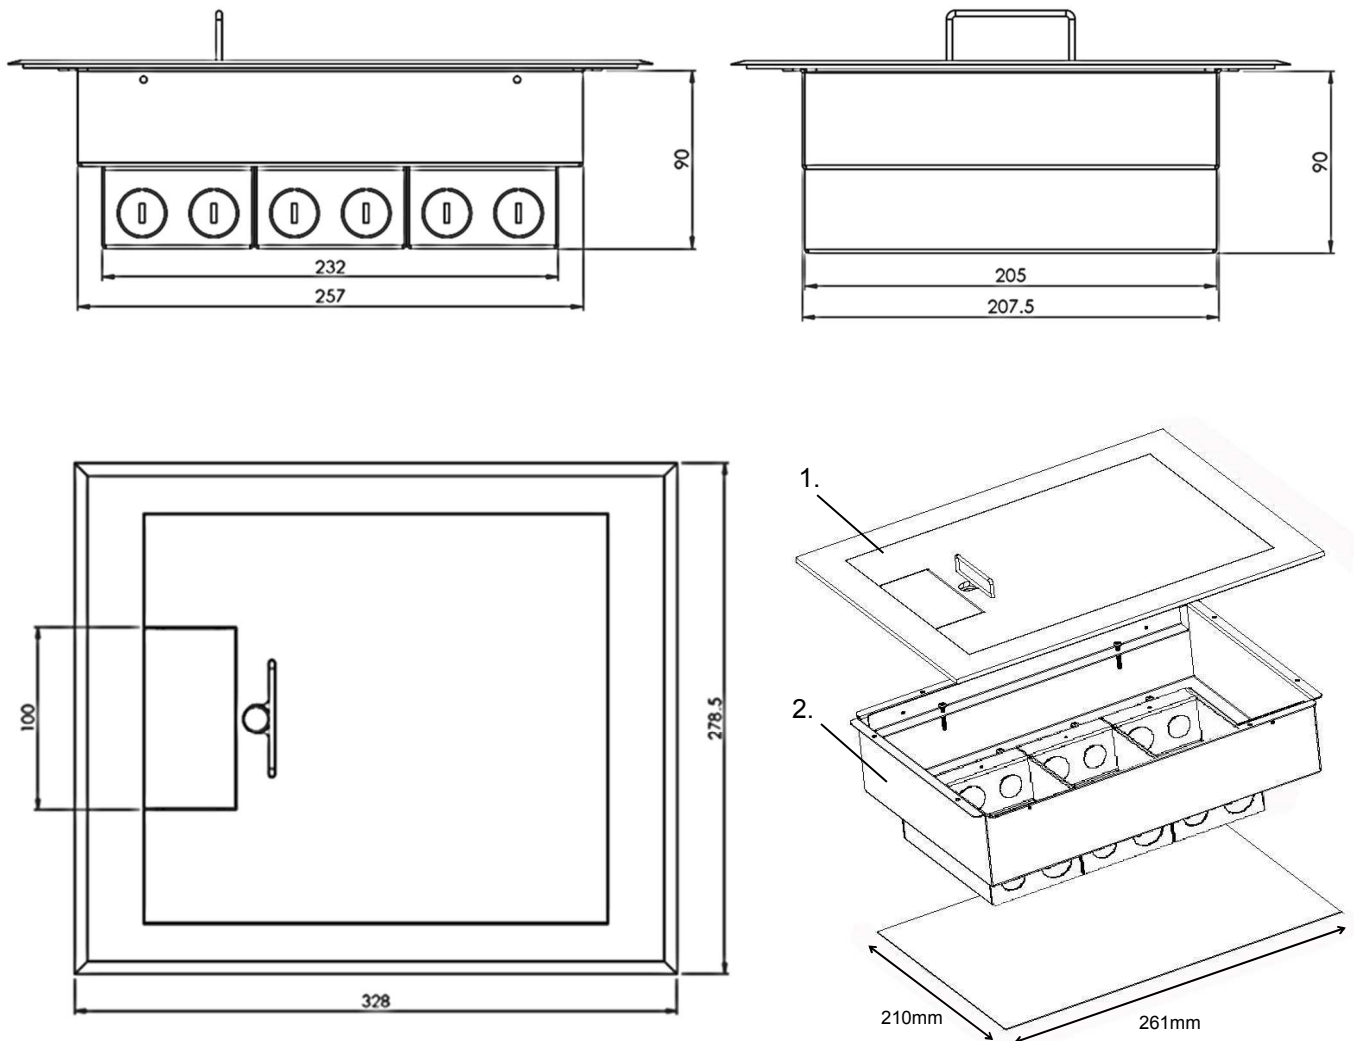

Floorbox: Apollo FL Flush Stainless Steel Series

PART NO: FLF3090SS

CMS Apollo FL Flush Stainless Steel Floorbox - 3 Compartment, 90mm deep

TECHNICAL SPECIFICATIONS:

CMS 3 compartment , 90mm deep Apollo floorbox flush mount bevelled lid is manufactured from 5mm stainless steel and is suitable in applications requiring additional strength and easily installed into a concrete or timber floor. Accessory boxes come in galvanised steel. The chassis and mounting plates are constructed from powder coated sheet steel with multiple knockouts for conduit. **Load Capacity: 150kg**
