

AXESS UMBILICAL

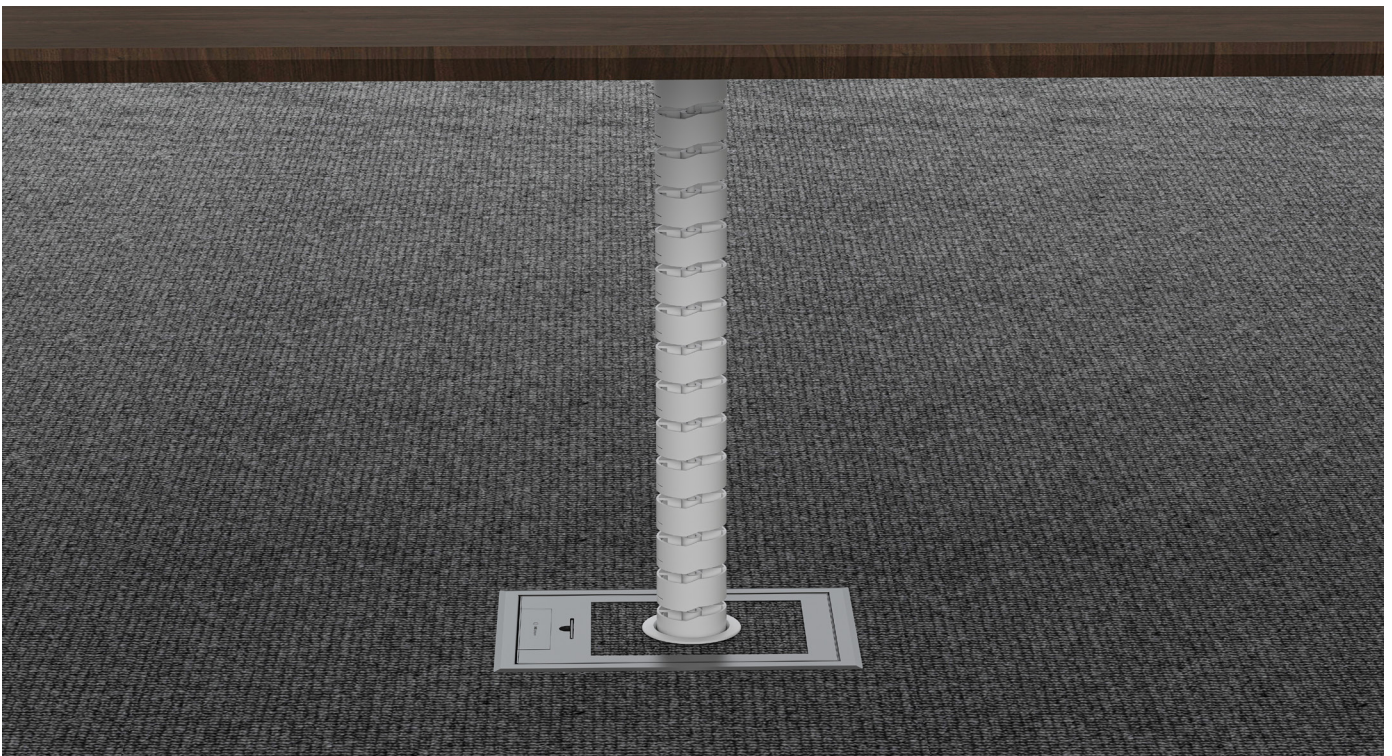

AXESS

Umbilical Cable Management

Axess is specifically designed for cable protection when bringing power and data cables from the floor to the work surface. A fully featured cable management system with a designer edge.

The snap-together 'Rigid Mode' provides a self-supporting cable column as an integrated option within the system. At the same time, the snap-apart 'Flexi Mode' provides all the flexibility you need in an umbilical product. With its unique door innovation, the Axess umbilical has integrated doors that allow free access to cables at any time.

When used from the floor to the desk, Axess provides an attractive and flexible solution for cable distribution. The delivered product comprises of the Axess itself, a floor foot and a screw fixing anchor for the top.

Colors Available

 Black  White  Clear

Key Features

- » Axess can be installed after cables are in place.
- » Cable can be accessed at anytime during installation.
- » Extra wiring can be easily installed at any time in the future.
- » Other mounting options available are the standard floor foot and wall plates (for mounting to a cavity wall).
