

# DYNAMO

Monitor Arm

# Dynamo

## Ergonomics - Dynamic Monitor arm

CMS Dynamo is a dynamic monitor arm intuitively designed to deliver seamless handling across installation, mounting and adjusting.

Developed to move with you, Dynamo effortlessly rotates, pivots and extends, enabling tool-less and absolute adjustment to minimise eye and posture strain.

The detachable VESA mounting plate is easily adaptable to support Laptops, MacBook, Thin-Client PC and Tablets, making it ideal for a host of applications, from commercial workstations, home office, retail and general areas requiring continual adjustment.

For curved screens and thin-client, mounting the Dynamo HD Tilter is an added accessory required to support the changing workplace requirements.

### Colors Available

 White  Black

### Key Features

Freedom to Move

Modular Installation

Quality Components

- Tool-less rotational portrait-landscape adjustment.
- 180° locking mechanism for lateral arm movement.
