

ATOM MINI
LUX Series

ATOM MINI COMPACT POWER. MAXIMUM OUTPUT.

Don't let its size fool you — the Atom Mini delivers serious performance in an ultra-compact form. Engineered for maximum power in minimal space, it offers up to 140W of USB-C charging, making it more than capable of powering even the most demanding laptops, tablets, and mobile devices with ease.

Its ultra-small footprint makes it a perfect fit for modern environments where space is at a premium and clean aesthetics matter. Whether integrated into collaborative spaces, executive offices or shared areas, the Atom Mini provides discreet yet powerful charging without cluttering the surface. Compact, capable, and built for performance — Atom Mini proves that big things really do come in small packages.
